

**“I like the ephemeral thing about theatre, every performance is like a ghost —
it's there and then it's gone.”**

- Maggie Smith

Thank you for your past donation to the TheatreWorks Community Players. Founded in 2004, TWCP continues to entertain the community with a variety of shows and performances throughout the year. All those that call the Black Box home give their time, talent, and skills because of their overflowing love of TheatreWorks Community Players and the magic of live theatre. The talent of the performers amazes audience members. Your donation has allowed TWCP to grow from one show per season with two performances to a full season of shows running for six performances each.

In the absence of outside funding, we rely heavily on our sponsors, individual donors, and, of course, ticket sales to operate. Only through your continued support can TheatreWorks Community Players continue to grow and bring live theatre to Martinsville and Henry County. Thanks to a grant from the Harvest Foundation, we have rebranded the theatre and renovated the Black Box Theatre Lobby. Our new website and lobby renovations allow for a better patron experience.

Please consider a donation in the 2018-2019 season. Your funds will assist in our mission of enriching and changing lives by engaging the people of our community in high-quality theatrical productions and life-long educational opportunities. The season shows and dates have been announced and can be viewed on the enclosed rack card.

Thank you for your kind consideration,
